# IGA Qualifying Course in Group Analysis

*"If you want to know about groups this is the course for you!*

*This is a really good training - useful not just for therapists but also managers and others who want to understand the dynamics of a work environment. Before the course I thought I was a "non-group" person. What it has done is given me the skills and knowledge to be more effective as a therapist, a manager and a colleague.*

*I would highly recommend it!"*

**Yvonne Harris, Head of Service, Manchester Metropolitan University Counselling Service.**
