

Annual Barbara Dick Memorial Lecture

**Saturday 9th March 2019,
10.00 a.m. — 3.00 p.m.**

**GAN—THE FIRST 30 YEARS—ORIGINS,
INTERACTIONS, FIGURATIONS**

Presented by Dr Claire Bacha, Phd

A WORK IN PROGRESS
(by Dale Savit)

In therapy, we can sometimes recognise those few moments in the living present when individuals and groups change. It is 30 years since the inauguration of the Institute of Group Analysis Manchester Qualifying Course.

The day is an opportunity to review our origins, interactions and figurations and to contemplate the present and future of Group Analysis North and group analysis

Each person contributes a role and a resonance in the present moment and each person takes something away. Group Analysis provides a framework, as well as an organisation, for conscious witnessing, analytic and reflective dialogue and decision-making, both in and out of the consulting room.

Please come to the talk and contribute your thoughts and memories of GAN and the trainings to the large group.

Claire is a psychotherapist and group analyst in independent practice. She is a training group analyst on the Manchester Group Trainings. Claire has also been a participant at several points in the past of GAN and of the Group Analysis North/IGA Courses.

The Lecture will be followed by a hot lunch (provided),
a Large Group and a short plenary session.

The day will continue at 3.30 p.m. with the Group
Analysis North AGM (all welcome)

Cost: £75.00 (GAN Members and students £50.00)
